

# WILS WEEKLY

VOL 1, ISSUE 21

APRIL 8, 2024

Driven  
by success

Westview ended the season by putting the spotlight on all of our great talents throughout the term. An awards ceremony was held this week to celebrate each student who took part in a competition and came out light a shining star.

From securing top honors in the Codeavour competition to igniting their creativity in the Ignited challenge, they've proven their dedication and talent and we were honored to witness their growth firsthand. Their artistic flair was evident in the Hayah Art Competition and demonstrated innovative thinking.

## Upcoming Events

**April 9 - 14:**

Eid El Fitr

**April 18:**

Science Fair BISM

**April 20:**

Experience Our Hubs

**April 21 - 23:**

EEP Cup at BISM

Making waves and breaking records!

Grade 3 dynamo Ann Radwan takes the top spot in backstroke and claims 3rd in freestyle at the SWIMN Academy's Ramadan Competition across four branches.

Congratulations, Ann! Your talent shines bright in the pool!

## FROM OUR CLASSROOMS

KG 2 students are diving into German sessions, learning the differences between summer and winter clothes! From snow boots to flip flops, they're applying their new vocabulary through exciting games. Let the language adventures begin!

Grade 1 students elevate their critical thinking & creative skills by conducting research that integrates science and technology. It is always inspiring to see our students challenge themselves as they use their skills to reach their goals.

Grade 1 students apply the STEAM approach to learning as they classify 2D shapes by creating models with pasta. It is always fun when creating models with real resources.

## FROM OUR CLASSROOMS

Grade 10 students marched through history with their latest project: a website dedicated to unraveling the depths of World War I. Explore the trenches, witness the battles, and uncover the untold stories of bravery and sacrifice. Click [here](#) to go to the website

They also designed their own flyers to showcase their knowledge and share with other curious minds.

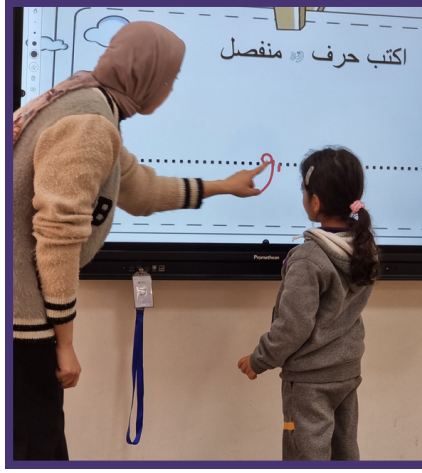

Progress in the literary realm: Reaping what we've sown in the G9 skills map. Farida's remarkable improvement shines through as she crafts a poem, skillfully contrasting Legacy-chronological language with Modern-informal language. Inspired by the selections in her booklet, her creativity knows no bounds!

Learner

## FROM OUR CLASSROOMS

في مدرستنا، نهتم باللغة العربية يتعلم التلاميذ في مرحلة رياض الأطفال حرف الواو بطريقة ممتعة وشيقة من خلال قصة مجسمة مبتكرة، حيث يستخدمون السبورة الإلكترونية لكتابة الكلمات المتعلقة بهذا الحرف.

تشرح مدرسة اللغة العربية قصة مع أبي عن طريق زي مستوحي من القصة ليسهل عملية توصيل المعنى، ثم يشترك الطلاب بعد ذلك بإعادة ترتيب القصة للتأكيد على الفهم التام للقصة

# BEYOND OUR CLASSROOMS

## Autism week

Empathetic

Autism Awareness Week allowed us all to embrace diversity and celebrate the uniqueness of every individual! Every step counts in our marathon for autism awareness and inclusion. Join us as we run towards a world where acceptance and understanding are the finish line.

Let's paint a canvas of unity! Embrace diversity and blend colors on a white shirt to symbolize the beauty of unity. Each hue represents a unique voice, but together, they create a masterpiece of harmony.

## BEYOND OUR CLASSROOMS

Empathetic

### Autism week

WILS lights it Blue! We all wore our blue to showcase our support. The human body ribbon displayed unity among our teachers and students. Everyone engaged in activities that highlight the beauty of diversity throughout the day.

## BEYOND OUR CLASSROOMS

### Autism week

Magnificent Hat Day: KG Students understand that our brains work differently and find the values in these differences by wearing home-made hats from recycled materials.

In upper grades, students took the lead by delivering presentations to their classmates, shedding light on Autism and promoting acceptance and respect for differences. Let's come together to appreciate the wonderful diversity of our minds and learn how to support and uplift one another!
